...Hancock High School

In the heart of Kiln, Mississippi, there is a place - a place that holds the key to a countless number of futures. This is the place where lifelong friendships are made and where many truly begin the journey of life. This is a place where individuals begin to define themselves and figure out what they really want to do with the rest of their lives. The memories made inside of this place will last forever. This is a place of smiles, laughter, love, tears, excellence, joy, perfection, teamwork, success, hard work, and dedication. This place is Hancock High School.

Fifty years ago, the Hancock County School District was nothing more than a combination of all the little community schools from across the county; the transition from North Central High School to the beautiful 6A Hancock High School that we know today has been amazing. Over the years, the students of Hancock have faced many great challenges and have had just as many incredible accomplishments. The five generations of students that have accepted these challenges are what keep the Hancock High School legacy alive. These students in addition to the faculty and staff members who have helped to shape them can truly define themselves as Hawks.

The first yearbook ever published in the Hancock County School District was for the 1959 - 1960 school year and it was titled *The Hawk*. The yearbook included class and faculty pictures and the year's highlights and accomplishments. Now, in the year of Hancock High School's fiftieth anniversary, we as a yearbook staff have been faced with the challenge of creating the best yearbook that our school has ever seen. We found a theme that would unify our entire student body and still show the essence of individuality among our students. Our job was to capture the memories. Your job is to [Define] them.

1960 yearbook

HHS Principal Rhett Ladner and yearbook staff editor Loretta Marino.

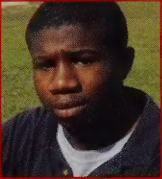

North Central High School opened its doors for the first time on Friday, August 28, 1959 at 8:30 A.M. One year later, the school was renamed Hancock North Central. In 1991, Hancock North Central became a K - 6 elementary school when Hancock High School opened its own doors as a 7 -12 junior/senior high school.

Hancock Gives Back

Selected students load angel tree gifts for delivery to the Hancock Department of Human Services.

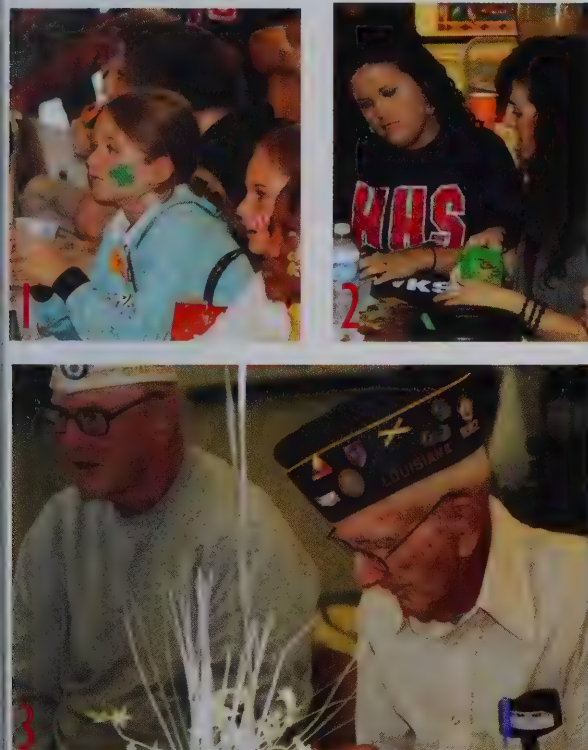

Over 1,000 canned goods stretch across the Hawk stadium football field during the final day of Homecoming week.

In 1982 - 1983 student council hosted a blood drive. 72 people donated.

[By the Numbers]

United Way... \$854
 Breast Cancer Awareness... \$300
 Pints of Blood... 183 units
 Angel Tree Children... 100
 Veterans... 40
 Canned Food... 1,000 cans

Hancock High bettered the community through special events and service projects during the year. DECA sold paper footballs in support of MDA; these footballs spelled *HAWKS* on the cafeteria wall. During homecoming week, student council held a competition to collect canned foods for the Hancock County Food Pantry. Also, the annual Fall Festival was held in the commons for exceptional learners from all the schools in the Hancock County School District. BETA and FBLA both took action to support Breast Cancer Awareness. BETA club took donations of pink Yoplait yogurt lids, and FBLA sold pink ribbons to students. To show appreciation to the local veterans that served our country, History and Government Club held a Veteran's Day Brunch. HHS teachers joined together to support United Way by donating money. Also, clubs and individuals took part in helping needy Hancock County children by adopting them at Christmastime through the Angel Tree Program.

1. Hancock County's exceptional learners look on as HHS Drama team performs. 2. Shelby Osborn and Kelsey Curet prepare goodie bags for the Fall Festival. 3. Veterans listen as the History and Government club welcome them to the annual Veterans's day celebration.

[Renaissance...]

Last summer, a select group of students and faculty attended the Renaissance conference in Orlando. Renaissance is a movement that encourages all students to do well in school. The mission of Hancock High Renaissance is to encourage, reinforce, and celebrate each individual's "personal best" in the areas of academics, school attendance, and "Hawk PRIDE" (*Perseverance, Respect, Integrity, Discipline, and Excellence*) through the encouragement and partnership of faculty, parents, and community. Goals of this program include: changing the way that students and faculty feel about coming to school, getting students ready for college, and uniting the school as a family. Students are rewarded for their achievements with activities including academic pep rallies, drama productions, and block parties.

Nothing can top Hancock High School's block party. Students have a great time climbing the rock wall, jumping through inflatables, and hanging out with friends.

[January 8, 2010]

Students are recognized throughout the year as "cracker jacks" for academic accomplishments as part of the Renaissance program.

Q&A with...

Q: What is Renaissance?

A: "Renaissance is a way to help include all students and make them comfortable in their school, and make them feel like they belong.

[Sarah Torgeson]

Q: How was your experience at the Renaissance conference?

A: "It was a fun learning experience! I learned a lot about leadership and how to improve our school!"

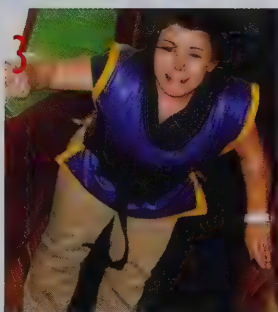

[Tyler Mefford]

Q: What did you learn from the Renaissance conference this summer?

A: Everyone has their own special talents and they should be able to show them.

Class Of 2011...

Dear Class of 2011...

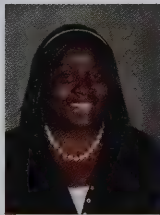

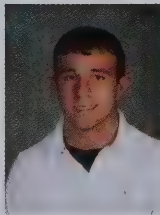

Every year we read the inspirational quotes or catchy phrases telling us about how great the past year had been and how amazing the next will be but there is nothing that ever says thank you for toughing it out and lasting through all the difficulties of high school. For most, it has been a roller coaster of emotions the past three years we have been here at Hancock. It has been a hard road of course but there is a light at the end of the tunnel. So to the class of 2011, enjoy every moment because it's time for senior year!

Sincerely your class officers,
Blair Hoda, Gabby Frickie,
Blakeney McKnight, and Lauren Whitney

President: Becca Keith

[We have witnessed some amazing events in the years leading up to this point. In fact, just this year the New Orleans Saints won their first Super Bowl. They were able to achieve the ultimate victory in the NFL through hard work, perseverance, and faith by keeping these three attributes in mind. Despite what turbulence may stand in our paths, we must keep pushing forward. We must never give in when the way gets rough or all hope seems lost. We have the ability and the power to reach our goals no matter how high we aim. And above all else, remember to BELIEVE.]

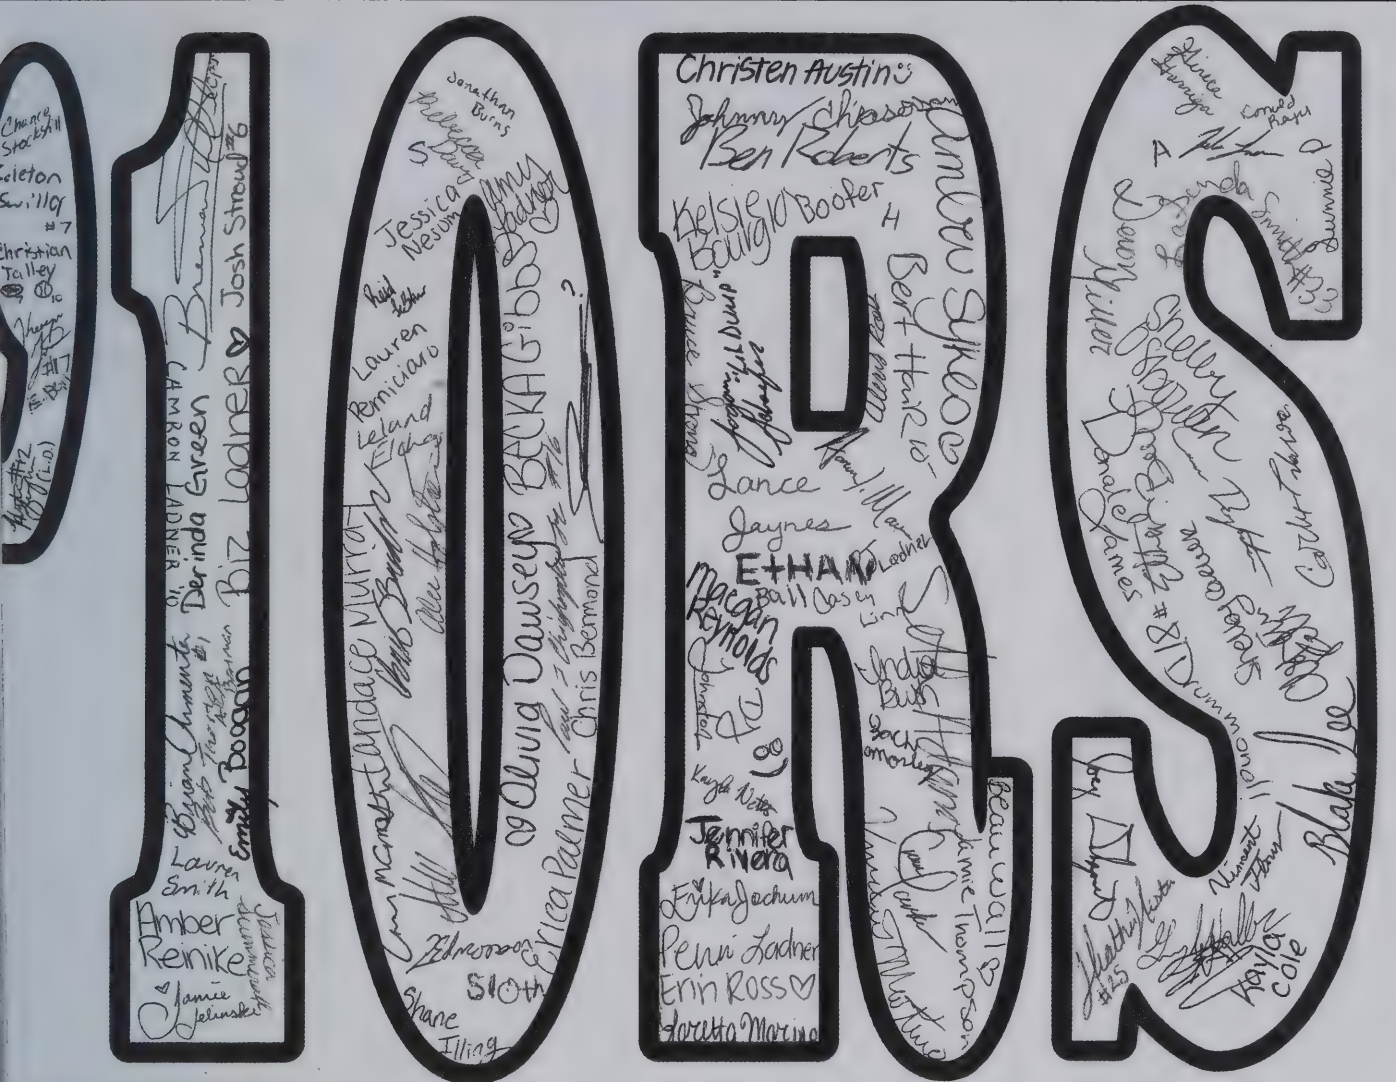

Your Class President, Becca Keith

Vice President: Tyler Levens

[High school is a time in our lives that we often want to complete as soon as possible. We think this way because of the many unnecessary things that come along with being in high school. We tend to waste our time worrying about things like drama and school work. However, high school can be one of the best times of your life if you focus on the necessary things that you will remember for many years to come. Being involved in clubs and sports has made my high school experience more memorable than any other time in my life. As you become more involved, you will make new friends and create new memories. Do not make high school one of the worst experiences of your life; make it a time that you will never forget.]

Your Class Vice President, Tyler Levens

Secretary: Gineca Garriga

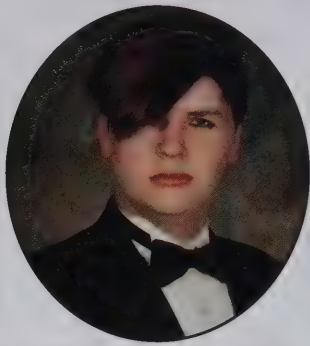

Treasurer: Bruce Strong

[It is hard to believe we have finally met our senior year. It seems as if we were freshmen, walking through the high school doors for the first time just the other day. Though this is our final year of high school, it is not our final destination. At our high school reunion we will all look back at the friends and memories we made at Hancock High School. I wish each and every one of my fellow classmates a bright and successful future.]

Your Class Secretary, Gineca M. Garriga

[With the closing of another year at Hancock High School, we all rejoice as we move closer to achieving the post-graduation goals we have set for the future. Despite our various destinations, we will all work tirelessly to fulfill our ambitions because we know the priceless value of dedication and valuable price of success. As seniors, and as Hawks, we like the 49 classes before and the countless classes after- leave Hancock with a final farewell to our teachers, administrators, and underclassmen. We have learned that, though high school can occasionally be a source of seemingly endless stress, its ample supply of friendship, fun, knowledge, teamwork, and sportsmanship greatly outweighs the temporary moments that test our devotion. Thus, we challenge the underclassmen to do what we have done, to prove that they too have what it takes to go all the way. However we warn them now, they have some big shoes to fill if they think they can compete with the class of 2010!]

She has also received: Girl Scout Gold Leadership and Career Award, First Place Female Solo Musical winner, a score in top 3 percentile at Mississippi College Math and Science Tournament, second place in Creative Writing at State Beta Convention, state and national dance awards, and outstanding musician award at GCBDA concert festival. The thing that Jamie will miss the most about high school is her conversations, whether it is at the lunch table, in the classroom, on the bus, or in Europe. Jamie's future plans include attending a major university; traveling to places such as the Grand Canyon, England, and Hollywood; finding a job that she loves; and never losing sight of the magic in the world.

**Becca
Keith**

Throughout her years in high school, Becca Keith has completed four years of varsity cheerleading, earned the HHS Sweetheart Pageant crown, performed with HHS theatre, been chosen as having "Most Hawk Pride" in the Who's Who Club for four years, been a class officer and a part of student council for four years. Becca has helped her community by organizing the college and career fair and coaching youth cheerleading. The thing that Becca will miss the most about high school is the atmosphere during the Friday night football games. Her favorite high school class was English IV, because it has broadened her horizons and challenged her to think in new ways. Also, she has picked Mr. Golding as her favorite teacher, because of the dedication he shows to his students. If she could give any advice to the underclassmen, she would tell them to just be themselves; no one is made exactly the same, embrace what makes you unique. Becca would like to thank God, her family, and the many teachers who have inspired her to chase her dreams.

Meghan Lind is an FCA leader, Swim Team captain and state qualifier, Colorguard Captain, Class Representative, Beta Club Secretary, NHS Public Relations Officer, SADD Representative, Student Council Secretary, Honor Roll Student, a Youth Council delegate, Mission on the Bay Volunteer, and Camp Bralton Green Counselor. Meghan says she will never forget when the football team broke the losing streak her junior year and the students stormed onto the field. Her favorite thing about being high school was all of the friends she has made and all of the overnight trips she has taken with her many clubs. Meghan wants to be remembered as always being a go-to person for her ability to help with any problem. Her quote to live by is, "You cannot make everyone happy, so just focus on what makes you happy." Meghan's favorite class from high school has been Spanish III with Senora Necaise. She said that class had an overall great group of people, including the teacher. No matter what the material was, there was always a way to make the learning interesting and fun.

**Meghan
Lind**

Throughout her four years at HHS, Taylor Ronquillo has been a member of BETA club, National Honor Society, National Spanish Honor Society, SADD, Fellowship of Christian Athletes, National Technical Honor Society, History and Government club, First Priority, student council, the varsity cheerleading squad, track team, HOSA, homecoming court, Who's Who club. Taylor has received many cheerleading awards and was also chosen as the "Junior Sweetheart" in the Sweetheart Pageant 2009. Taylor enjoys volunteering at the nursing home and at Hancock Medical Center. In the future Taylor wants to become a Nurse Anesthetist. The biggest lesson that she has learned from high school is not to procrastinate! She believes in working hard, doing everything to the best of your ability, and enjoying every moment of it. Taylor would like to thank her amazing parents for their love and support, and the many faculty members of HHS who have inspired her.

**Taylor
Ronquillo**

She has been inducted into the National Honor Society; served on the Homecoming court her Junior and Senior years; participated in FCA, SADD, National Honor Society, and HOSA; been named an all-state volleyball player, Most Valuable Player, and all-south Mississippi Team player; and received Honor Roll all 4 years of high school. In the future, Erin plans to attend the University of Southern Mississippi and major in nursing. She would like to be remembered by her classmates as a true, positive, influential, joyful, fun-loving friend and person. Her favorite class of high school was Allied Health with Mrs. Shaw, because she not only prepared her for her future in nursing, but she was more than glad to help her students out in any way that she could. She would like to thank all of her teachers and friends, her mom and dad, her amazing volleyball teammates, her sister, her best friend, and her boyfriend Keagon.

**Erin

Lauren's favorite high school memory was seeing the Eiffel Tower light up in Paris with her friends on the French trip. She says the thing she will miss the most about high school is being surrounded all the time by all of her awesome friends in such a positive light. Lauren has learned through high school that grades are not everything, and focusing on the big picture is important. Her favorite teachers are Ms. Bailey, Mr. Liles, Mr. Allemand, Mr. McLain, and Mrs. McKnight, because she has learned so much from all of them.

**Bruce
Strong**

Bruce Strong has earned first place in Science at State Beta Convention for 2 consecutive years, top 3% score in Math and Biology and top 1% in chemistry at Mississippi Math and Science Tournament, and Student of the month for May 2009. He says his fondest high school memory is definitely the Europe trip to France and Spain during the summer of 2009, because it was such an amazing trip that he will never forget. In the future, Bruce plans to go to Mississippi State University, become a chemical engineer, start a family, and live a long and prosperous life. Bruce would like his classmates to remember him as that over achiever who was always too busy to ever get any sleep. Bruce is a strong believer that to be professionally and socially successful, time management is key when balancing work and leisure. His favorite class was chemistry, and he says that he greatly appreciates all of the teachers who have prepared him to face the challenges of college and the rest of the world. He would like to give a special thanks to his family for all of their love and support; he says without them he would be nothing, and he feels that he cannot thank them enough.

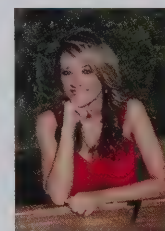

**Sarah
Torgeson**

Hancock High School's 2009-2010 Star Student, Sarah Torgeson, has accomplished many things throughout her high school years including becoming a National Merit Finalist, becoming editor of the school newspaper, achieving honor roll throughout all of high school, attaining the ability to speak French in France, and becoming a part of a great year of quiz bowl (won all but 2 matches). Sarah has also been a member of the school band for the past seven years, and a member of the Krewe of Nereids for the past eleven years. In the future, Sarah plans to major in literature and psychology and to earn a PhD; then, she wants to teach at the university level. Her favorite memories from high school are Friday nights in the band hall and the stands, especially during her sophomore and junior years. She will really miss dancing in the stands. Sarah would like to give a special thanks to her family, whom she loves more than anything; Gulfview Elementary, for giving her the best possible start; her friends, who have provided her with laughter and memories; her favorite teachers, who make her eager to learn; and Ms. Bailey, who helped her believe in herself and the world.

The Pride of Hancock

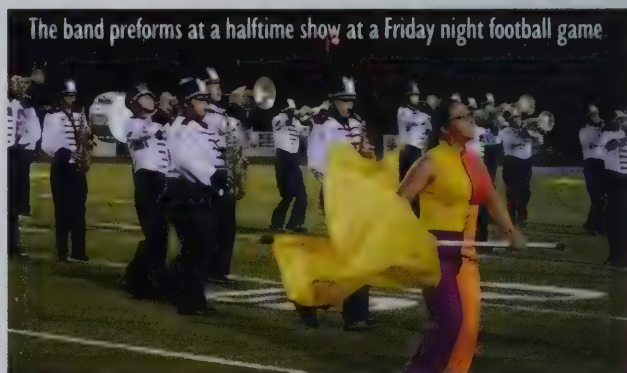

2009 was a great year for The Pride of Hancock Marching Band. Through the combined efforts and hard work of all the students and directors, the band was able to create an entertaining show called Shuffle. When asked about the theme of the show, head director Benji McLain responded, "I wanted a show that was entertaining for all ages. It's based on an iPod that's put on shuffle with the random assortment of songs that range from classical to soft rock to jazz." These songs included "Sir Duke" by Stevie Wonder, "Save the Last Dance" by Michael Bublé, "Canon in D" by Pachelbel, "Mississippi Queen" by Mountain, and "Don't Stop Believing" by Journey. The band did very well when they took this show to all of their competitions scoring a 2 for band, 2 for color guard, 1 for band, and 1 for drum major at State Contest on October 10th; and straight superiors at both the Gold Medal Classic on October 17th and the Northshore High School Camellia Marching Festival on Halloween. In addition, the band was rated best in class color guard, drum line, and band at the Gold Medal Classic, a first for Hancock High School.

In addition to Mr. McLain, the head director, the staff this year included Mr. John Dunlap, percussion instructor, and Ms. Sharon Courdray, color guard instructor, both in their first years at Hancock. The drum major was Lauren Stealey, and section leaders were Laurel Bruce, Jamie Jelinski, Brooke Lee, Carlee Moore, Teresa Reece, Connor Ryan, Jamie Thompson, and Sarah Torgeson. The color guard captains were Laci Craft and Cristi Barrios.

This year has definitely been a year of progress for the entire band. As for the future, Mr. McLain advises students to never give up. He wants the students of the 2009 Pride of Hancock Marching Band to remember that "all the blood, sweat, and tears that were shed are what's going to take this program to the next step, and that's something to be proud of."

Art is the most useful facet of the human experience. It is so much more than paint on a canvas, notes on a page, or lines in a play. It portrays all of the emotions, the history, and the culture of civilizations to the entire world and to the future while overcoming the obstacles of both language and time. However, art does not merely depict history. It is history. Art allows humans to experience what others have done before them and use that knowledge to improve their own lives and times. Furthermore, while art does communicate the emotions of the artist, it is not merely a representation of these; it is emotion. Art is given life by artists. Artists, those who paint, those who sculpt, those who compose, those who write; essentially, those who create, are gifted with the incredible talents necessary to catalogue and chronicle life both for immediate and future reflection. Artists utilize their gifts to record and inspire. Just like souls, art lives on long after its creators have perished. In this way, art creates immortality. Art has acted as the soul of humanity for as long as humanity has existed, and because of this, art is absolutely vital.

Mr. Jay Coker

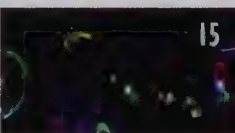

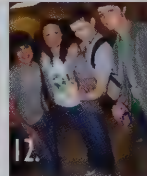

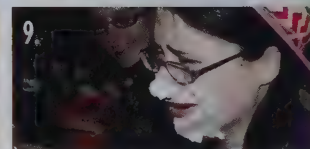

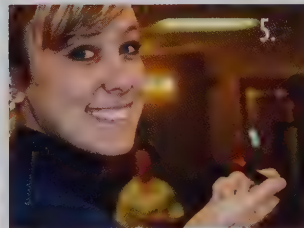

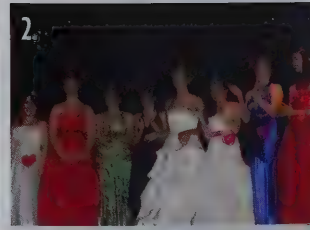

[It's more than just a club.]

Jay Coker, who teaches theatre 1 and theatre productions, has devoted ten years to theatre and those who love it. This year he wrote and directed his play, Singularity. HHS theatre competed at drama fest in Hattisburg and went to MTS in Tupelo this year. Two winners in competition included Jamie Jelinski and Abigail Herrington. Mr. Jay Coker encourages his students to try their very best no matter what.

[Bottom]: Abigail Herrington serves as drama's president and she won All Star Cast at Drama fest and at MTS she received a Hall of Fame award. My favorite thing about theatre this year has been performing.

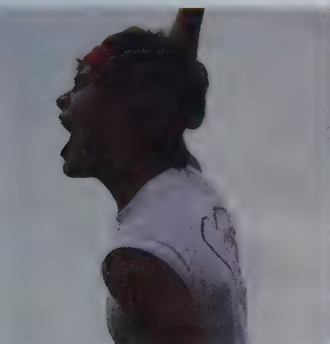

[Top] Jamie Jelinski serves as drama's secretary and she got superior for her individual event at MTS. My favorite thing about theatre this year was being secretary, everyone bonding through hard work, good shows, and a little bit of spontaneous craziness. Well, quite a large bit, actually.

"I am very proud of these girls. If you look at how far we have come in four years, it is pretty amazing. These girls put in many hours of hard work to accomplish what they accomplished and I believe they earned respect from a lot of teams in this state."

-Coach Irwin

What does a pancake have to do with volleyball? Ask any member of the 2009 District 6-A State Runner up Hancock High School Volleyball Team. A pancake is a defensive move when you flatten your hand out on the ground (flat like a pancake) and the ball bounces up off of it. With all of this knowledge about the sport, the volleyball team has taken great strides this year. They not only managed to have a perfect season, but they were also ranked 4th in the state. Considering the fact that two years ago the team was ranked 14th in the state, this is an amazing achievement. This year they made it to south state, maybe next year they will make it to state. The possibilities are endless.

Sink or swim

Swim team is a competitive and thrilling sport in which swimmers use speed skills and high levels of energy. In 2009, the Hancock High School swim team placed a 3-4 competition mark, while girls made 5-2 overall. Mr. Jack Cordray is very admired by his team. He encourages them to always do their best and keep a high goal set in mind. "There is a lot of self enjoyment in working with the students, and the experience is very rewarding," says Mr. Jack Cordray.

[Laurel Bruce]

My Dearest Laurel,

How blessed I am to be your mother. You were a beautiful child, always seeing the world with wonder. You have grown into a beautiful young woman who is strong and sure of herself. God has given you many gifts - intelligence, talent, courage, compassion and hope. Continue to develop and share these gifts as you become who you were meant to be.

I will hold you as long as you like; I will love you always.

Mom

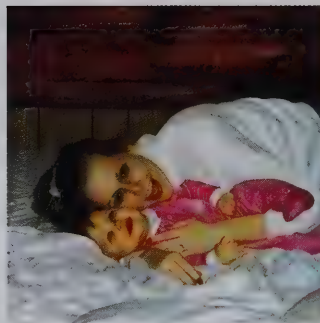

Success

To laugh often and much,
To win the respect of intelligent people and affection of children.
To earn the appreciation of honest critics
To endure the betrayal of false friends,
To appreciate beauty,
To find the best in others,
To leave the world a bit better,
Whether by a healthy child, a garden patch, or a redeemed social condition.
To know even one life has breathed easier because you lived,
This is to have succeeded.

- Ralph Waldo Emerson

[Kaitlyn Bye]

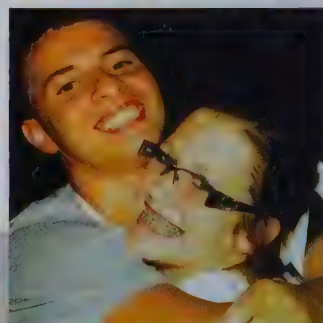

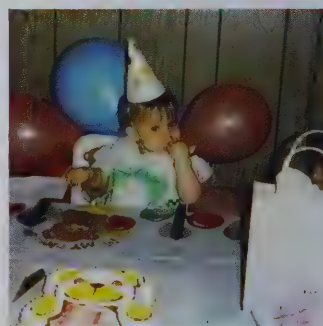

Be a leader, not a follower for the rest of your life. Always set your goals and accomplish as many as you can. Be successful and you will only have to depend on yourself and no one else. People and things aren't always what they seem to be. Now, the most important things to remember: Dad does not always agree with many things you do, but it does not mean I don't love you; Dad will always love you no matter what happens and no one can take that away from you. Congratulations to you and all of the senior class of 2010!

Love always,
Dad

Wow, 18 years! I am so proud of you! All that you are, the joy and the happiness you have given me. You are an amazing person. You will always have my love and support.

All my love,
Mom

We are so proud of you Shelby. This stepping stone in your life's journey is a big one, and you have conquered it successfully! You have grown from that energetic, talkative little girl into a smart, beautiful young woman. Always keep GOD first in your life and He will guide you in the right direction. Your future begins now. We hope and pray that we have given you enough love, guidance and knowledge to succeed in making your dreams come true. You have a great heart, so never be ashamed of who you are. Stay true and faithful to yourself. Don't let the opinions of others determine your life decisions. Keep your head up and stay strong my wonderful daughter. Remember that no matter where you go and what you do in life, we will always be here for you. Most importantly, have faith, be happy and keep smiling.

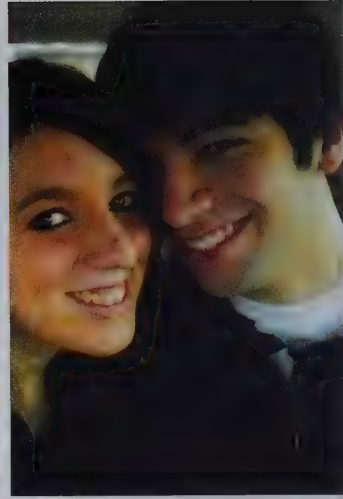

Good luck in college!

We love you, Mom & Daddy Craig

You are my precious sister and my lifelong friend, know that I am always here for you, one that you can depend on. We have shared heartaches and we have shared our dreams. Our past is filled with memories of laughter; and so it seems, although our times together are not as often as before, all we have to do is call and we are back in time once more. Just know, my sweet sister, I am always here for you no matter where life leads you. I love you always.

Your sister,

Today Kathy Lea, as you walk down the aisle, you see all the faces wearing a smile. But, as we remember those young tender years, our smiles will conceal a few hidden tears. It isn't through sadness, our emotions just whirl, as we're both thinking back to our little girl. Now, you have grown and made us so proud, as you smile for the camera and the rest of the crowd. So, be blissfully happy and enjoy your big day. Have a wonderful graduation; you're now one step away. Best of luck!

Love,
Mom and dad

Always keep your goals in sight and you can achieve anything. We will always be proud of you. We love you.

You're the one who's by my side when no one else is there. You're the one I can always count on; you always seem to care. You help me through the tough times; and when I've lost all hope, you cry with me at sad times and laugh at all my jokes. You never seem to judge me or ever put me down; you put a smile on my face, whenever you see a frown. You're better than a sister, you're more than just my girlfriend, you have a special place in my heart, that's why you're my best friend. I love you with all my heart and I am so very proud of you. Good luck in whatever you decide to do in life and know that I am always going to be there to cheer you on. I love you.

Love always,

Heather,

So, you've made it! As a dad, I could not be any more proud to see my little girl graduate high school. The grades you've maintained during every year, while playing softball, were impeccable. The pride that I have walking around the softball field while you're on the field playing cannot be explained. Thank you for every moment. I wouldn't trade them for anything in the world. Good luck in the future. I will always be here for you.

Love,

Daddy

To the best big sister:

Heather,

I don't know if words can begin to express how I feel. You've been such a blessing to me since the moment I found out you were conceived. I've loved you since that very moment. You changed my life forever, for the better. Watching you grow from the beautiful baby born in 1992 into the beautiful young woman that you have become has brought great joy into my life. You've made me proud in so many ways through the years. You're such a kind, caring person, who I'm so proud to call my daughter and my best friend. As you begin a new journey in life, always put God first. Seek His will in everything you do. Have faith, and He will direct your paths. Remember to treat others the way you want to be treated. I'm always here for you if you need me. "I'll love you forever. I'll like you for always. As long as I'm living, my baby you'll be."

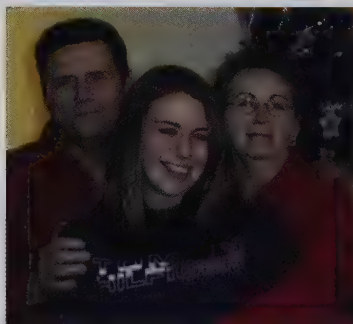

Congratulations!

Having you for a daughter has brought us more joyful times and proud moments than you'll ever know... We have been dreaming about your future since the day you were born, hoping that life would always bring you all the happiness that you deserve. And even though we will worry about you at times, we have confidence in you. We know you can handle whatever challenges come your way. On your graduation day, your future is about to begin and we know you will be a great success at whatever you may do. Always remember, you can always turn to us for help and encouragement...other things may change but our love for you is forever.

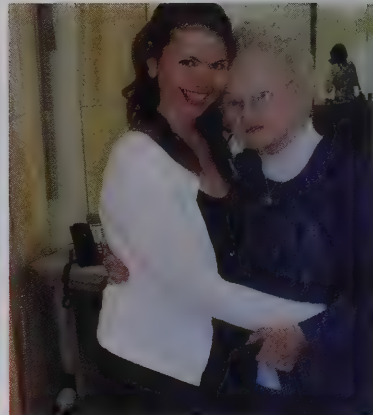

You will always be our "baby angel."

All our love,
Dad, Mom & Noah

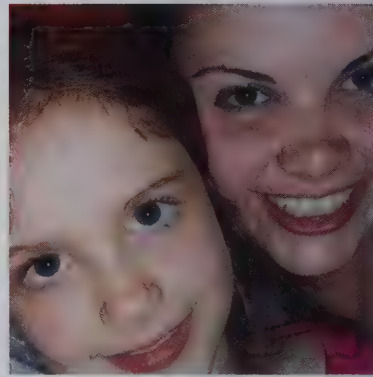

I love you baby girl. You are my everything. I love you more than anything in this world. I just want to thank you for the many memories you have given me; and let you know that I cannot wait to make many more!

Someone else looking at these photos may wonder about our choices. Life is about choices. Each day one is given opportunities to blend in with the crowd or to make a difference. Little dancers can surprise us because they also wear red leather cowboy boots and then grow into elegant ladies that wear bright purple high heels. A serious concert musician steps out of the box and brings the music to life by performing as JennyAnyDots in Broadway's CATS. If one is lucky, the choices made also give the opportunity to make friends - from the giggling circle of Girl Scouts displaying their newly made friendship bracelets to the cymbal crashing pit members in the marching band. May you live your life by saying "yes" to opportunity; and when it seems tough, if you have to, become you own Mary Poppins, who flies in with a spoonful of sugar. Make good choices, so your life is not measured by the number of breaths in a moment but by the moments that take our breath away; and at the end of life, know that it was good - all anyone really has left is their good name. Be proud of your name, of who you are, for we are extremely proud of you and all of the great choices you've made so far. Celebrate everyday like your happiest birthday! Travel the world! Kick up HIGH your tap dancing feet! Be the difference! Let your next journey begin!!

the beauty of their

There are so many things I want to say but the most important one is I LOVE YOU!

So on your graduation we offer you this prayer: that Jesus be with you and keep you in his care. You've worked so hard and earned the right for all of your dreams to be within your sight. We love you so much and wish you only the best. We have been truly blessed by your smile, laughter & love.

Love,

It has been a long hard road. Especially the last five years. The boys, the fire, the hurricane, the death of a very special friend. But, you have made it to the end of that road. Now it's time to take the next exit on the road of life. We know however, that you will not take the easy, straight road. You our little wild child, will take the winding, bumpy off course road, but with a little (or probably a lot) of faith and determination. You will make it. We have no doubt. We love you always.

Mom & Dad

Sitting here writing this brings back so many memories. Throughout all of the laughs, fighting and tears, we have always been there for each other. You are an amazing person and best friend! I love you with all of my heart and that will never change. Love always,

India,
 Congratulations on reaching this milestone in your life. We are all very proud of you and look forward to witnessing many wonderful things that you will be blessed to accomplish. Be sure to keep Psalm 1-3 NIV close to your heart and it will certainly help you get to the next accomplishment in your life.

Blessed is the man (woman) who does not walk in the counsel of the wicked or stand in the way of sinners or sit in the seat of mockers.

But his (her) delight is in the law of the LORD, and on His law he (she) meditates day and night.

He (she) is like a tree planted by streams of water, which yields its fruits in season and whose leaf does not wither. Whatever he (she) does prospers.

Love and blessings,
 Godmother/Great Aunt Josi, and your cousins- Donald, Carlyn, Johnathan, Ashley and Carlos

[India Bush]

Dear India,

This is a time of wonder for you filled with expectations of the unexpected and the unknown. Open your eyes and your heart wide to take in all that the Lord will put before you. Accept the challenges and steer clear of the pitfalls; climb the mountains and push the obstacles out of the way. Your family will always be here to provide a quiet place to rest during those time when life seems to throw too much at you; but remember that there is also a quiet, gentle strength within yourself that is there to sustain you when times get hard. So spread your wings with the majesty of an eagle and soar, knowing only the limits that God has put before you.

We are so proud of you and love you more than words can express. You fill a place in our family that was meant especially for a beautiful young lady named India Chanel.

With love from your,

Dad (Aaron), Mom (Shannon), Sister (Dionna) & Brother (A.J.)

"You are our special angel sent from God above... the Lord smiled down on us and sent an angel for us to love..."

Maegan,

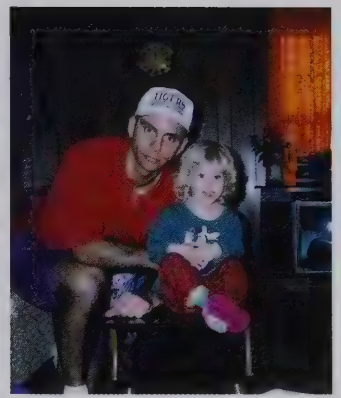

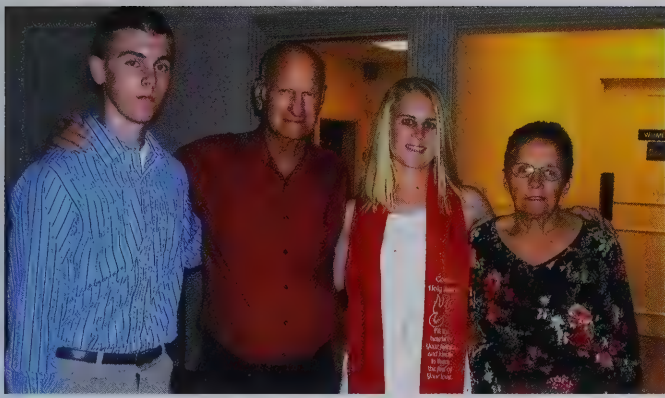

How fast the time has flown. It seems like yesterday we walked you into that kindergarten class; and in the blink of an eye you are graduating from high school. The time has passed much too quickly. However, if the life ahead of you gives you half of the joy that you have given us, then you will have a life filled with happiness and love. We are truly blessed to have been given a daughter as wonderful as you are. Let God direct your path and always keep your faith in him strong. And above all, may God continue to bless you as he has us.

Love,

Mom & Dad

[Maegan Reynolds]

Maegan,

Look at you! You're all grown up! There are not enough words to explain how much we love you and how much you mean to us. God blessed us dearly when he allowed us to watch you grow from a strong minded little girl to the strong Christian young lady you are today. We have given you love, guidance, support, faith, and morals. As you continue your journey in life, we hope you will take these gifts and use them to help guide you in the right direction. May you always keep God first in your life and let God be your guide. We will always be here for you no matter what. Our wish for you is love and happiness in all that you do. No matter where life takes you and how old you grow, you will always be our precious angel.

2010 Yearbook Dedication

Ms. Amanda Lovelace

Amanda,

I knew from the moment I first held you that God had blessed me. I knew from the moment I first saw you with your friends that you were someone very caring, kind, and friendly. I knew from the moment I first saw you explain Shakespeare to a fellow student that there was an English teacher deep inside of you. Each day I watch the wonderful person you are, the outstanding role model you are to others, and the magnificent teacher you are. You are what teachers inspire to be: compassionate, thoughtful, well-prepared, willing, disciplined, and knowledgeable. You are a Hancock County Schools' legacy: taught by some of the best and now teaching some the best. This campus is truly blessed to have you as an alumni and a faculty member, and I have been truly blessed to see your accomplishments every step of the way.

I love you always,
Momma

Ms. Amanda Lovelace is the most inspiring teacher I have had in my four years of high school. She has the energy a teacher must have to make an impact in the classroom. In these past years she has been my teacher, mentor, and friend. I will always appreciate her and so will many other students.

Penni

Miss Lovelace (Mandy Kay),

"Don't worry about it. Just write from your heart and you'll do fine!" I was not completely sure what to put in this letter, but I'm taking your advice and writing from the heart! I am so excited you have received the yearbook dedication for the 2009-2010 school year. You truly deserve it, for you are not only a wonderful teacher, but also a great friend. My junior year has truly been made special and will be a year I will remember for the rest of my life, mostly because of you. I would have never been as involved as I am had it not been for your inspiration and belief in me. I know I can always come to you for advice or a warm conversation and your inviting smile will be waiting no matter what. I will never forget the hilarious stories and awkward moments we have shared, the many hours spent cutting and coloring flowers for the scrapbook, and the many fun memories we have. For all of these things and more, I am eternally grateful. Your youthful spirit, true devotion, and open mind has had a profound impact on my life and the lives of many others.

Love, Abby Rich (K. Abby)
